Madison Project

Madison Project, a national PAC modeled after Club for Growth, helps elect like-minded candidates that share in the same principles as President and Founding Father, James Madison. These donors to Madison Project are in step with the same core values that Madison and other Founding Fathers believed so passionately about which include: the right to life, liberty and the pursuit of happiness! These donors are hardcore pro-Life, pro-Family, pro-2nd Amendment, for limited government and religious freedom for all. Madison Project is rapidly growing and is going to be a major player in the upcoming elections.
